## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

**Group I**, claim(s) 1-10, drawn to compounds, composition, and a method of use, and first process of making of compounds of Formula of claim 1 representing various substituents as Morpholine, Thiomorpholine, Pyrazine, Piperazine core classified in class 544 subclasses various depending on substituents R1, R2, R3, R4.

**Group II**, claim(s) 1-3,5,6,7-10, drawn to compounds, composition, and a method of use, and first process of making of Formula of claim 1 compounds representing various substituents as Pyridine, Piperidine core, classified in class 546 subclasses various depending on substituents R1, R2, R3, R4.

**Group III**, claim(s) 1-3,5,6,7-10, drawn to compounds, compositions, and a method of use, and first process of making of Formula of claim 1 compounds representing various substituents as Pyrrole, Thiazole, Imidazole, Indole core, classified in class 548 subclasses various depending on substituents R1, R2, R3, R4.

**Group IV**, claim(s) 1-10, drawn to Spiro/ Spirocyclo compounds.

**Group V**, claim 5, drawn to Intermediates and processes for Formulae Ib, Id, Ie, If.

**Group VI**, claim(s) 1-10, drawn to compounds not covered in **Groups I-V** above.

In addition to election of one of the above groups, applicants are also required to elect a single species from that group. If **Group VI** is elected, further restriction might be required.

2. The inventions listed as **Groups I-VI** do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: They represent different cores and use.

3. A telephone call was made to Mr. N.F.Oblon on Friday 5/12/00 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventor ship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventor ship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
